Re: **CPMG Coding Seminars**

CPMG is excited to offer an educational seminar focused on coding, presented by industry experts, *CodingAid*. The seminar is designed to provide clinicians and members of their office staff with an extensive review of E&M and other CPT codes, ICD-10 updates, documentation tips and so much more! We anticipate this to be a valuable experience for all.

Two training sessions will be offered, one for physicians/clinical staff, and one for office staff. **This is a free event for all**, and meals will be provided.
