***New Information From Your CPMG Medical Directors...
... always interesting to us – hopefully useful to you!***

Dear Affiliate Family,

In this rapidly changing situation, we're doing our best to get accurate and up-to-date information to you as quickly as possible. (The fluidity of what's going on was well-characterized by the announcement of the first community spread that was made literally minutes after the last email we sent out saying that to date there was no confirmed community transmission.)

First, please see the attached information from San Diego County Health and Human Services. Secondly, Dr. Ken Morris, Chief Medical Officer of CPCM, has been sending out a daily update to his providers, which he has graciously offered to provide in order for us to share it with the affiliate community. Please keep an eye out for that daily email. Finally, we're in the process of developing guidance for the use of telemedicine when it is clinically appropriate, which we will get out to you as soon as possible.

Please, as always, reach out to Provider Relations or any of us with any questions. We'll do our best to answer them, or find the information you need.

Whitney Edwards, MD
Senior Medical Director
Children's Physicians Medical Group
