PARENTS!

THE COVID VACCINE IS NOW APPROVED FOR TEENAGERS!

Some benefits of vaccinating your teenager include...

1. Less likely to get or give COVID
2. No need for teen (or family) to quarantine after exposures if all are vaccinated!
3. Able to return to in-person activities if enough are vaccinated
4. Can get back to socializing, travel and sports
5. Improved mental health with a return to normalcy

Call your pediatrician TODAY to discuss this vaccine!
